Dear Colonel Schlapak:

PODCO-O 1570-SD  
EWA BEACH MARINA

The Environmental Center has received the notice of intent to prepare a draft environmental impact statement for the above cited project. We agree with your determination that the project could have significant environmental impacts and therefore an EIS is required.

Because of the brevity of the information in this preliminary document we have no comments to make as of yet. We will, however, review the DEIS when it becomes available.

Sincerely,

Doak C. Cox  
Director
